TO THE MEMBERS OF THE COMMON COUNCIL:

Attached is a copy of the request from the Fort Wayne Horizons Council for second year funding. After reviewing the results of the first year that this has been in operation, I feel that it is in the best interest of the City to grant the request for \$10,000.00 from revenue sharing money for the second year. If this meets with your approval, I will ask that an Appropriation Ordinance be prepared for this purpose.

Sincerely,

Robert E. Armstrong

MADE A MATTER OF RECORD
DATE 7-26-77 CHARLES W. WESTERMAN, CITY CLERK

FORT WAYNE HORIZONS COUNCIL

July 12, 1977

Michael J. St. Dennis
Executive Director

Hon. Robert E. Armstrong
Mayor of the City of Fort Wayne
One Main Street
Fort Wayne, Indiana 46802

Dear Mayor Armstrong:

In furtherance of our previous written request, and the recent conversation with Mr. Richard Doermer, President of the Chamber of Commerce, and both of the undersigned, we are herewith enclosing some additional information in connection with the request for second year funding for the Fort Wayne Horizons Council.

1. As you will recall, the Horizons Council is a joint venture for economic development in the Fort Wayne Allen County area by the City of Fort Wayne, County of Allen, the Greater Fort Wayne Chamber of Commerce, and many other interested private investors.

2. The Council has as its goal the creation of 1000 new jobs each year, in addition to those currently being created, for the purpose of reducing unemployment and to enable young people entering the job market to obtain a position in Fort Wayne and not have to locate elsewhere. The Council intends to accomplish this, first of all, by working with existing industry to obtain expansion in our area; and, secondly to assist in the location of new industrial and commercial enterprises in our area.

3. The Council was formed last summer and an executive director, Michael St. Dennis, was employed in August. After an initial orientation period, the Council operated under his guidance for approximately 9 months.

4. The budgeted income for the calendar year 1977 is \$50,000. Budgeted expenses are \$45,815. Of the income projected, \$10,000 again is anticipated from the City of Fort Wayne, and \$10,000 from the County of Allen. In addition to this, the Chamber of Commerce has contributed \$10,000 already this year, and the balance of \$20,000 will come from other

interested investors, including Foundations, the banks, the contracting industry, the realtors, and various other interested investors. Even as important as their investments in the joint venture, the cooperation of these groups has been very important in achieving an excellent climate, wherein industry can feel comfortable in expanding and in locating here.

5. The \$20,000 invested by the City and County is used to pay the salary and fringes of the executive director. The balance of the funding is used for secretarial, prospect promotion, out-of-town calls and travel, and advertising and promotional expenses. Our budget for advertising and promotion this year is \$12,000, which is a very small amount compared to the budget of other cities of our size.

6. The members on the Fort Wayne Horizons Council are representative of the investors in the project and include six people from the City and the County, representatives from the Chamber, the utility companies, the banks, construction industry, news media and others. A number of these people in their current jobs are already working every day in new business and industry promotion.

7. During the initial period of the Council, some of the activities were:

- (a) employment of Executive Director,
- (b) employment of research analyst (and secretarial help as needed),
- (c) establishment of Industrial Realtors, Labor Relations, Community Profile, Budget and Finance subcommittees,
- (d) equipment of office and library on economic development,
- (e) made numerous contacts by letter or phone, and answered many inquiries concerning new prospects in our area,
- (f) worked actively with 31 prospects who were seriously considering locating in our area. (Of these active prospects, the following actually located in our area: Genova,

Clark-GM Diesel, Mullinex Packaging, Duro Containers, Leo Distributing,

- (g) continued Visitation Program to local industry, in conjunction with Mayor's office and Chamber of Commerce Industrial Development Committee. (In this conjunction, worked with various local firms concerning expansion and development and assisted, one in particular, Perfection Biscuit, in maintaining their Fort Wayne location).
- (h) worked with merchants in Grabill and conducted meeting, including Commissioner Amstutz, personnel from County Plan, Lt. Governor's office, Economic Development Commission and many others, to consider the consequences of the recent Grabill fire, and procedures for rehabilitation and rebuilding,
- (i) the Executive Director appeared before Public Service Commission in conjunction with energy matters, and served as Fort Wayne member on Great Lakes Area Development Council, Indiana Economic Development Council, and other state and area groups for economic development,
- (j) prepared and distributed many copies of Statistical Data Notebook. (This involved compiling information from many past studies and coordinating recent data, printed up many copies of these for distribution to the investors, new business prospects and others).
- (k) prepared and printed 12 page brochure on Fort Wayne,
- (l) conducted mailing campaign using brochure,
- (m) prepared a 1/2 page black and white advertisement which appeared in June 13 issue of Business Week, (to date 116 inquiries have been received from this advertising, including 19 from foreign countries; followed this up with letter and brochure, and plan to follow with second letter from Mayor's office),

- (n) received suppliers list from local firms such as International Harvester, analyzed this to find prospects of firms who might potentially locate here because they supply major firms here.

8. Plans and goals for 1977:

- (a) continue selective advertising and promotion; following this up with letters and calls by Executive Director, and personal calls by Executive Director alone or in conjunction with realtors, bankers or others available; conduct direct mail campaign using brochures and booklets prepared about Fort Wayne area; serve as liaison on state and area economic development committees and commissions in order to secure leads,
- (b) coordinate upkeep of Statistical Data Notebook with Mayor's Task Force, continue existing industries program, working with existing industries to solve problems and to encourage them to expand locally, work on a daily basis with prospects, including showing them industrial sites, meeting at airport, providing transportation to sites, finding additional information desired by prospects, coordinating all aspects necessary in the competitive position in order to deal with a prospect,
- (c) report to investors in program, including Mayor, City Council, County Commissioners and County Council and others on progress.

9. As you will recall, at the time of the initial undertaking of this joint venture, it was determined that it would take at least 3 years, and when we went to the investors for funding, we requested a commitment for a 3 year period. Because of the different situation of the City and County, where funding could be supplied on only a one year basis, we would make a request each year. We believe that the most significant accomplishment of the Council during this initial period has been to develop a working relationship between the various segments of the community who are interested in economic

development, including the City, the County, the Chamber, the realtors, the Banks, Utility Companies, etc. We therefore believe that the City will want to and should, assist in the funding of this joint venture. Through the development of jobs, our whole community will benefit, and we believe that it is essential that this be continued.
